Samsula Academy is actively preparing for the start of school year! We have updated our policies relating to COVID-19. The following policies will be in effect for the 2021-2022 school year:

- Masks are optional.
- Temperatures will not be taken in the mornings when students arrive.
- Non-character backpacks will be allowed.
- Classroom doors will open at 7:30. Students arriving before 7:30 should go to the café. No students should be congregating the benches outside of the classrooms.
- We will continue to encourage frequent hand washing/sanitizing.
- Water fountains in classrooms and around campus will not be used with the exception of the fountain located in the PE field. Students may bring a water bottle and refill it throughout the day.
- In the event that a student presents COVID-19 symptoms, they will be placed in isolation and the parent/guardian will be called. The expectation is that the student will be picked up in a timely manner and will remain home until cleared by a COVID-19 testing lab.
- Please update contact information as often as necessary and have a plan to pick up your student ***immediately*** if you are called due to illness.
- Students sent home with a temperature, stomach or intestinal concerns should remain home for 48 hours before returning to school.
- Temperature checked should they become ill during the school day.
- All buildings, work stations, classrooms, and equipment will be sanitized nightly which includes the use of an electrostatic sprayer.
- There will be no early check out 30 minutes prior to regular dismissal.

Thank you,  
Samsula Academy Administration, Teachers and Staff
