- Formative (day to day observations)
- Summative (chapter/unit tests with new Benchmark Curriculum)
- Istation and Moby Max
- FSA

Rubric of Progress Indicators

- **HP** Highly Proficient – Student demonstrates understanding almost each and every time correctly but is also able to apply that knowledge at a much deeper level of understanding across other content areas.
- **P** Proficient – Content knowledge is mastered. Student demonstrates understanding MOST of the time, and consistently is able to provide correct answers.
- **W** Working Toward Goal – Content knowledge is still being developed. Student demonstrates various levels of understanding toward the content knowledge. Student continues to make progress toward the desired goal of mastery. Additional practice is required for mastery.
- **L** Lacking Evidence – Student has yet to produce evidence to support understanding content knowledge. Student is at the beginning stages of learning of the subject, There is little to no evidence that the student has made progress toward the desired goal. Intensive practice and re-teaching might be necessary.

Homework

- Reading - Simply read 20 to 30 minutes a night!
- Spelling /Vocabulary - Weekly Spelling and Vocabulary
