- Scissors
- Erasers
- Black Sharpie
- Paper will be provided by school

3-5 Students also need:

- Colored pencils
- 10 ct pack of Broad tip markers

Art Program

Face-to- face:

I will be teaching Art on a cart this year! I will go to the classrooms and teach the students at their seats. Art projects will be limited to what materials each student has this year until we decide to add paint into the program. There will be no sharing of materials unless we are able to sanitize them.

Live Streaming:

I will be teaching from a cart this year and going into the classrooms. You should be able to stay logged into your classroom teacher's class stream unless asked to move to Mrs. Weems' class stream. Art Projects will be limited to what materials each student has this year until we decide to add paint in the program.

Curriculum

Face to Face:

We will be discussing many artist's and reviewing their artwork. Students will be demonstrating similar techniques.

Unfortunately, will have to hold off on painting projects for a while.

You will also be able to join my Google Classroom to see extra things I will put up for the Live Streaming students.

Live Streaming:

You will have the same lessons as Face-To-Face, but I will also try to put many things online on my google classroom such as powerpoints, activities, virtual field trip links, drawing guides and more. Materials that have to be provided by the school will be ready to pick up the Thursday before that week.
